**NAIROBI**

**RE: INTERNATIONAL MINISTERIAL CONFERENCE ON HEALTH SYSTEMS  
FINANCING FOR UNIVERSAL COVERAGE**

Reference is made to our letter Ref.MMS/ADM/1/B/7/1/14 Vol. (44) of August 2, 2011 on the above subject.

We note that a draft Healthcare Financing Strategy was developed during the period 2009 and 2010. However, since then, a number of actions have been taken which have a bearing on the draft strategy. In view of this, the starting point on the development of the Comprehensive Health Care Financing Policy will be to review progress since draft policy and strategy was prepared.

The purpose of this letter therefore, is to request World Health Organization to facilitate a mission through the Partnership for Health mechanism to undertake a review and make recommendations on the way forward.

Thank you for your continued support.

**NGARI M. W. (MS.), CBS**  
**PERMANENT SECRETARY**

Dear Holger Thies, Jenni Kehler and Viktoria Rabowskaja,

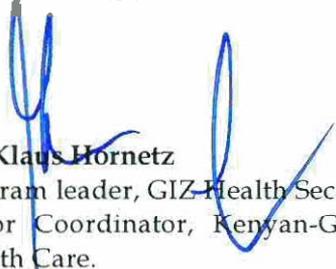

### Re: International Ministerial Conference on Health Systems Financing for Universal Coverage

The Permanent Secretary, Mary Ngari, of the Ministry of Medical Services by her letter of September 7 to Dr Jack Abdoulaye (WHO, Kenya Representative) and copied to me requested proposed a review of the Comprehensive Health Care Financing Policy. The letter also proposed that through WHO, the Providing for Health mechanism, facilitate the review process.

In view of the foregoing, kindly find attached our scanned letter indicating GIZ support for review process. We anticipate that this review process will require both local and international expertise. We shall be grateful for your support to recruit competent persons for this exercise.

We look forward to hearing your report on potential candidates, both from Kenya and overseas who could possibly be short-listed. We look forward your support in making this a successful review process.

Yours sincerely,

  
Dr. Klaus Hornetz  
Program leader, GIZ Health Sector Program.  
Sector Coordinator, Kenyan-German Development Cooperation in  
Health Care.
