# Country & Regional Work

---

- P4H work in Cambodia (2009) expanded (2015) as P4HC+.
  - Maximization of alignment, collaboration, and cooperation, joint assessment of needs, gaps, organization of multi-sector dialogues and actions.
  - Cambodian government officials are key figures.
  - Recent participation in the P4H Leadership for UHC (L4UHC) Program was beneficial for Cambodian officials to strengthen their lead role in collaboration and alignment through participation.
- 

# Opportunities

---

- P4H Digital Platform.
  - A convener/honest and neutral broker/ role to communicate and attract new members and partners.
  - Expanding communications globally and facilitating inter-regional and intercountry knowledge sharing and capacity building activities.
  - Access to systematic information, analytical work and reports.
  - Mutual benefits from equal partnerships.
-

Design and implement national health financing and social protection reforms.

Central Asian regional hub for information, local experience exchange and organization of support for neighboring countries.
